Points 8.3 and 8.4 of the Terms of Tender shall apply however the Ordering Party reserves the right to reject the bid that fails to meet the above presented Tender entry criteria.

IV. Bid evaluation criteria

IV.1. Bid evaluation criteria

A. Price

a) Ordering Party intends to purchase terminal tractors fulfilling or exceeding requirements set out in point *I. Obligatory specification* of the technical specification (Employer's requirements).

However, Ordering Party is entitled to decide, including once the bids are submitted and opened, whether to purchase any, including none or all, of the optional equipment set out in point *III. Optional Equipment*, letter A-~~DE~~ of the technical specification (Employer's requirements).

b) For the purpose presented in point IV.1.A.a above, Bidder is obliged to price:

- Terminal tractors fulfilling or exceeding the requirements set out in point *I. Obligatory specification* of the technical specification (Employer's requirements), and
- Separately each of the optional equipment set out in point *III. Optional Equipment*, letter A-~~DE~~ of the technical specification (Employer's requirements).

c) Once decided what, if any, optional equipment will be purchased, the Ordering Party shall equally compare all bids taking into account proposed prices for:

- Terminal tractors fulfilling or exceeding the requirements set out in point *I. Obligatory specification* of the technical specification (Employer's requirements), and

- Optional equipment, if any, that was decided to be purchased by the Ordering Party among those set out in point III. *Optional Equipment*, letter A-[€D](#) of the technical specification (Employer's requirements).

d) If the Bidder does not price:

- Terminal tractors fulfilling or exceeding the requirements set out in point I. *Obligatory specification* of the technical specification (Employer's requirements), and/or
- Separately each of the optional equipment set out in point III. *Optional Equipment*, letter A-[€D](#) of the technical specification (Employer's requirements)

the bid may be rejected by the Ordering Party.

e) If the Bidder does not price:

- Terminal tractors fulfilling or exceeding the requirements set out in point I. *Obligatory specification* of the technical specification (Employer's requirements), and/or
- Optional equipment, if any, that was decided to be purchased by the Ordering Party among those set out in point III. *Optional Equipment*, letter A-[€D](#) of the technical specification (Employer's requirements)

the bid shall be rejected by the Ordering Party.

f) Prices presented by the Bidder for:

- Terminal tractors fulfilling or exceeding the requirements set out in point I. *Obligatory specification* of the technical specification (Employer's requirements), and
- Optional equipment, if any, that was decided to be purchased by the Ordering Party among those set out in point III. *Optional Equipment*, letter A-[€D](#) of the technical specification (Employer's requirements), and

shall be summed up and as such shall constitute **Total Contract Value** used for the purpose of bid's assessment taking into account the following formula:

$$P = (P_{low} / P_o) \times 100 \text{ pts.}$$

where:

- P – number of points to be granted (before weight is assigned)
- P_{low} – lowest Total Contract Value among all valid bids
- P_o – Total Contract Value of the assessing bid

Weight assigned to the criterion ‘Price’: 70%.

Final result for the criterion ‘Price’ shall be calculated as follows:

$$FP = P \times 70\%$$

where:

FP – final points to be granted for the criterion ‘Price’

P – number of points to be granted (before weight is assigned)

The bid will receive number of points rounded to two decimal points arising from the above presented equation.

B. Warranty period

Warranty terms mean time counted in months from the date of signing by the Ordering Party the Take-Over Certificates.

Warranty period proposed by Bidder shall be assessed as follows:

$$W = (W_o / W_{max}) \times 100 \text{ pts.}$$

where:

- W – number of points to be granted (before weight is assigned)
- W_o – offered warranty time (in months)
- W_{max} – longest offered warranty time (in months) among all valid offers

All offers with warranty period shorter than 12 months shall be rejected.

If warranty periods placed in the bid vary for separate components, the warranty period shortest commonly for all components shall be taken into account.

For the purpose of calculation one month = four weeks.

Weight assigned to the criterion 'Warranty period':
30%.

Final result for the criterion 'Warranty period' shall be calculated as follows:

$$FW = W \times 30\%$$

where:

- FW – final points to be granted for the criterion 'Warranty period'
- W – number of points to be granted (before weight is assigned)

The bid will receive number of points rounded to two decimal points arising from the above presented equation.

IV.2. Bid's final assessment

Each of valid bids shall be granted points after assessment in accordance to IV.1.A and IV.1.B with the following formula:

$$BS = FP + FW$$

where:

- BS – bid's final score
- FP – final points to be granted for the criterion 'Price'
- FW – final points to be granted for the criterion 'Warranty period'

In accordance with point 8.7 of the Terms of Tender the best bid shall be deemed as the bid that received the highest total of points obtained jointly for particular criteria.
